

## SMOKEY MOUNTAIN AMATEUR RADIO CLUB – SMARC – NET CONTROL STATION PROCEDURE

This is \_\_\_\_ (Call Sign) calling the SMARC (**W4OLB – 146.655hz**)

Is this frequency in use? **PAUSE**

I am your (NCS) for this session and my name is \_\_\_\_\_.

This net is currently activated as an open net to all **SMARC** members and hams who are interested in promoting the hobby. This is (**CALL SIGN**) standing by for **EMERGENCY TRAFFIC**.

Are there any announcements to come before the net? Come now with your first and call sign. (Take the list and decide when the announcements will be made). Also ask if there are any questions.

Are there any health items about **SMARC** members to come before the net? Please come now with your first name and call sign. **PAUSE**

At this time all SMARC members and all others please stand by for check-ins. Please wait for the previous station to be recognized before checking in. We will begin our check-ins with **HAND HELD RADIOS, MOBILE OPERATORS AND STATIONS OPERATING ON EMERGENCY POWER**. As originally stated this net is open to all licensed amateur operators.

This is \_\_\_\_ (Call Sign) your net control station. Please come now with your first name, call sign, location and let us know if you are a member of SMARC. **PAUSE FOR CHECK-INS**.

This is \_\_\_\_ (Call Sign) your NCS of SMARC taking check-ins from any and all stations. Please come with your first name, call sign, location and tell me if you are a SMARC member. Remember to **ID** as required by the FCC. Also follow all FCC rules.

Thanks to the SMARC Repeater Committee:

Bob Wilson – KK4XA Kurt Meltzer – KC4NX Randy Jackson – K4RDJ Jack Manis – KE4GBV

Carroll Peabody – W4PCA **FCC W4OLB Repeater Trustee**

Also thanks to Tim Berry (WB4GBI) for the use of his repeater WB4GBI (146.625 MHz). If the SMARC repeater W4OLB 146.655 MHz is not operational; please tune to WB4GBI 146.625 MHz tuned to 118.8.

There were \_\_\_\_ check-ins tonight. Thanks to everyone and 73's until next week.
